

Elwarm Induction

Industrial Electroheating Applications

PC 6000

APPLICATIONS

- Shrink Fitting/Removal of Bearing
- Loosening of rusted Fasteners
- Curing & Releasing Adhesives
- Varnish Drying
- Precious Metal melting
- Bending & Straightening Bars / Tubes
- Fluid Heating

For Use in

Repair / Maintenance Work Shops
Auto - parts Mfg. Industries
Plastic & Rubber Industries
Fabrication & Painting Industries

6 kW - 100 kHz

Features

Think Heating
Elwarm

Heat Station
Suitable for wide range of Coils

Safe & Isolated Outputs
Partly Water Cooled
